NAV JYOTI LOK KALYAN SAMITI D-461, Jahangirpuri, Delhi-

110033. is a non-profit making registered organization registered under Society Registration Act-1860. and working for educationally, economically downtrodden people specially children and women in the field of health, education, community organization etc. Organization have the team of qualified persons which includes Legal Experts, Doctors, Social Workers. All of them have a dedication towards development and welfare of targeted under privileged people. The Scenario in the Country is fast changing and more or less the almost every institution is adopting the decentralized approach. Due to lack of local initiatives and political help still any of the pockets are under deplorable conditions both from infrastructure availability and economy. It is true for any developing country that the lopsided development is leading to large-scale migration of the rural poor towards. The cities in search of jobs and economic opportunities. Delhi is no exception to his phenomenon and hence the city has witnessed a phenomenal growth in the recent part. The civic authorities are unable to cope up with the overgrowing demand for basic amenities such as water, Electricity. Sanitation etc. The gap for other needs such as education health care facilities, civic amenities, shelter etc. is very wide and still more than 40%

are deprived of such facilities. In the changing scenario **NAV JYOTI LOK KALYAN SAMITI** has and is making a modest attempt to supplement some of the service of the social & economic section – as same last year we kept different Welfare Activities like Health Education, Immunization, Guidance Centre upto 1 to 5th, School Enrollment, Computer Education, Balwari Center, Awareness Camps for Sanitations, Plantations, Health and Hygiene, Adolescent Groups activities (Group Formation –Bal Club, Mahila Bachat Kosh, Community Health Programme, Old age persons orphan street children and their Health Section, Education and Skill development sector. Initially the emphasis was on Health Care, Counseling i.e. preventive, promote and curative interventions especially for the blind physically handicapped persons, and relieving the need for an integrated approach. The organization is implementing programmes in all the major sectors which effects the life's of the down-trodden and for the slums & the rural poor. The organization has shifted its approach from health care to a more broad-based integrated or holistic approach for overall development of the community.

The sector and activity was reach-out in the different areas has been worth appreciation initially these efforts were carried out with the available funds of the Society and later the intensity and reach out was increased with funds

from individual donors and corporate sectors etc.

The Sector wise achievements are as follows :

The Society was particularly emphasizing on Health Care, Education, Technical Education interventions releasing the need for education for sustaining the activities of Health Care, Special units for training educational programmes have been started at **Bhalswa, Swroop Nagar, Jahangirpuri, Shardhanand Colony etc.** as working area.

1. Organization has initiated so many programs in above mentioned target areas under allotted Basti Vikas Kendra at Bhalswa especially activities report as are follows.

2. HEALTH PROGRAMME

Organization has started Dental Care, i.e. Polio, Etc., Mal Nutrition i.e. Rickets Bery Bery, Scurvy, Anemia, Molestones, Disability prevention and its Rehabilitation occurring above mentioned Orthopedically, neurologically deficite patients making aware to the physical handicapped about the therapeutic use of aid and appliances also making aware the hazards of mentioned appliances if not use properly e.g. also making aware the common peoples about the therapeutic use of several degenerative change occurring in modern society through homeopathic and ayurvadic process i.e. spondylitis, Osteorthritis, Rheumatoid arthritis, diabetes of more

common in obese making aware the society about hazards of obesity above activities in running at our targeted working areas.

3. DOG STERILIZATION PROGRAMME

Organization has devoted to animal care and welfare programme especially form dog sterilization.

4. MAINTENANCE OF EDUCATION CENTER

Providing education to children for Computer education whose illiterate in computer education so organization has devoted maximum time for computer education for them computer education is a basic need for children. Women and adults now a days. and has to be provided at any rate.

Since literacy is an integral part of communication and hence sharing of information and knowledge is quite necessary for overall development of poor and needy person.

Organisation is running an educational school and centres i.e. NFE, REC & vocational centres, Crafts Centres at our Working area - Non formal Education Centre, Bridge Course, Vocational Training etc at **Bhalswa, Swroop Nagar, Jahangirpuri, Shardhanand Colony etc.**

5. INCOME GENERATION ACTIVITIES

Organization is imparting tailoring and cutting centre to unemployed person especially female candidate. The classes is providing very valuable and

useful to the beneficiaries in respect of securing job / placements at our operational area.

6. HEALTH AND IMMUNIZATION CAMPS

The organisation had organised poli-pulse programme and with the support of Govt. Polio-drops were given to the many children during the year. Apart from this we have conducted several health and immunization camps, rallies, family planning, counseling exclusively for woman and children. We had distributed Polio-Vile through our camps with the co-operation of our field staffs and teachers, volunteers with the support of UNICEF and Rotary International.

7. TRAINING CENTRE FOR VOCATIONAL COURSE

To generate employment opportunities among the rural unemployed youths especially poor women, girls, vocational course training were given to the needy person.

The organization has imparted training for specially in stitching, typing etc. for the period of six months to needy beneficiaries to make available self employment during the year. This year we covered approx. 50 female for their training of cutting and tailoring.

8. NFE PROGRAMME

NFE Centre are running by the organization successfully for the benefit of for children to make the future bright. of the children the place of mother is very much important hence training for mother for children were also being given to the needy women time to time. There is enrolled 150 children in this programme.

9. AWARENESS GENERATION PROGRAMME

Our organization has conducted Awareness. Generation programme at **Bhalswa, Swroop Nagar, Jahangirpuri, Shardhanand Colony etc.** involved 1800 peoples beneficiaries the duration of this programme was conducted one week with the co-operation and support of resources person belongs to various fields. Especially from Central Board of Labour Education, Health directorate etc.

10. ENVIRONMENTS PROGRAMMES

We have conducted Environment Awareness Programme in several working area and involve Urban people to reveal their role in Environment and pollution Centre. We have also conducted waste management camps, Plantation, Rallies with the co-ordination with like minded organization.

Our Society has completed consumer affairs awareness programme in our Working area. Approx. 500 people were benefited for that.

11. Health Mela: - Organization has organize health camps time to time and devoted maximum time for community rehabilitation checkup and referral services also in context of death organization has participated in health mela

also in this year at Baburpur for Kanwar Sangh that has been organize by Aman Committee, Delhi. In this mela 50 persons (volunteers has involved).

12. Road Safety Awareness Program : - Organization has conducted several activities regarding road safety awareness program with own contribution i.e. rally, group, discussion, workshop, street play and drawing competition approx 700 to 1000 people including students Youth and General Public were benefited in this year.

FUTURE PLANS

- a) Adopt new and innovative health activities for community health program i.e. Cancer & HIV/AIDS detection centre, and rehabilitation of Physically/Mentally disabled people.
- b) Training for Health Workers.
- c) AIDS Awareness Programme.
- d) Self Help group formation and adopt more area.
- e) Initiate the programmes in every sector in details/broadly.
- f) Liaisoning with different agencies to promote our welfare activities.
- g) Road Safety Awareness program and strengthening drivers youth and other road users.
- h) To conduct more health camps and campaign in coming session.
- i) Increasing more activities in Immunization, including Polio Teekakaran, Hepatitis etc.
- j) To organize and continue eye checkup camp in our different working area.

I think our Society for the whole heartedly services and best co-operation the aims and objective of our Society with continued co-operation and financial help from the donors. I am confident and sure that our society will extend to more for vulnerable down-trodden section of the society in the coming year.

It is my humble with prayers to Almighty that the organization may continue to bear witness in as powerful a way as possible to Almighty Kingdom.

With Best Wishes

VEER SAIN UPADHYAYA
